Re: EDGE project: EDGE 1000874325 Edificio Multifamiliar Parque Blume

Dear Patricio,

It gives me great pleasure to award Preliminary EDGE Certification to Edificio Multifamiliar Parque Blume.

Your design choices for this project predict energy savings of 22% to 25%, water savings of 46% to 47% and embodied energy savings of 40% to 42%. By designing a project that meets this exceptional level of environmental performance you will have a lasting impact not only on those who utilize the project, but also on the larger community for years to come.

We applaud your commitment to sustainable innovation and environmental excellence. Your leadership with this project demonstrates to the world that we can build amazing indoor environments while protecting our natural resources.

We look forward to continuing to work with your team throughout the final stage of EDGE certification.

Congratulations to you and your team on this impressive accomplishment!

Sincerely,
Ken
